About The Trust

The Vidyabharti Trust is a conglomerate of educational institutions, driven by a single minded focus on imparting quality education to make students radiant. Established in 1980 with a mission to redefine the system of education. Vidyabharti Trust is professionally managed, multidisciplinary, and multifaceted oasis of Knowledge. The Vidyabharti Trust campus is in the vicinity of Bardoli, the nucleus of the political activity during our freedom struggle and ship anchor of the well known Bardoli Satyagraha of Shri Sardar Vallabhbhai Patel. The campus is situated in an area of 38 acres of land. It catalyses and manifests educational activities in solitude natural places like Gurukuls. It is students' paradise with in absolutely free environment and an energetic ambience conducive to learning. Shree Jagdishchandra Patel, Managing Trustee imbued with thought that "Our highest effort must be to develop free human beings who are competent, of themselves to impart purpose and bearing to their life."

The Institute

Vidyabharti Trust Polytechnic is the first self finance polytechnic college of the Gujarat state established in 1996, affiliated to Gujarat Technological University, Ahmedabad. Vidyabharti Trust Polytechnic has a distinctive profile-rural in ambience but modern in its approach. Nature has blessed the College situated on Bardoli - Mota Road with lush green surroundings and a totally unpolluted environment. The campus is just the right place for all those who want to pursue technical education without any distractions. At the same time it has the infrastructure and other facilities, which a modern Polytechnic requires. The job oriented courses of VBT Polytechnic are backed up with excellent infrastructural & training facilities. This has enabled students to excel in knowledge and skills required of professional levels.

Vision And Mission

Vision

- (1) "Making the young budding professionals globally competitive in the service and business sector."
- (2) "Contributing to the social enrichment through quality education, innovation and value augmentation."
- (3) "Providing excellence in the technical education".
- (4) "Enriching the society with the values of technical education".

Mission

"Cultivating the field of technical education with equipment of qualified staff; sowing the seeds of dedication; irrigating the students with the relevant knowledge along with the manure of world class technical education; to produce strong, healthy and self-sufficient fruits to face adverse environment in the field of production, research and education in order to make our country on the top of the world."

Courses Offered

SR. NO.	BRANCH	INTAKE
1	Civil Engineering	120
2	Mechanical Engineering	120
3	Electrical Engineering	90
4	Automobile Engineering	60
5	Architectural Assistantship	30

Smt. Laxmiben Naranjibhai B. Patel Department of Civil Engg.

The programme aims at providing the students with theoretical and practical base required for operational, maintenance and elementary design aspects of Civil Engg. Projects. The department has Material testing Lab, Concrete technology lab, Soil testing lab, Transportation lab, Environmental Engg. Lab and Surveying lab.

Shri Chhaganbhai Gopalji Bhakta Department of Electrical Engg.

The department has Electrical Machines Laboratory, Electronics Lab, Measurement Lab and Electrical Workshop which have all the equipment and facilities for conducting various experiments as per diploma education programme and carry out development and fabrication of various projects and innovative/developmental activities. The department has the expertise for designing residential/commercial buildings and energy auditing.

Shri Ramanbhai Kalyanbhai Patel Department of Mechanical Engg.

Mechanical Engineering Department has fully equipped Workshop, a Machine shop, a CNC trainer, Thermal engineering Lab, Measurement Lab, FM&HM Lab and Mechanical Project Shop. The Project Shop has adequate facilities for undertaking different projects involving fabrication processes and machining operations. Metrological instruments for facilitating holding / locating and measuring work-pieces are also available. Engine construction and performance are evaluated by several testing methods with the help of various testing rigs. Students are given training to improve the manufacturing and drafting skills with the help of CAD/CAM lab.

Department of Architectural Assistantship

The department is fully equipped to handle the field-related problems of planning, designing and execution of any type of construction and interior projects. The facilities regarding surveying the site are also available. The faculty is adequately trained and experienced to help the students in solving the site related technical problem in the studios and also at the site which helps the student to build their self confidence which has resulted in getting better job opportunities over the years.

The faculty of the department is also trained to take up the corporate interior design projects. Models of the buildings also exist in the department for their studies. The department is equipped in taking up the consultancy project related to Construction, interior design and graphic design also for various outlets.

Department of Automobile Engg.

The department has Automobile workshop equipped with various kits. The department has Testing and Engine Laboratories equipped with various types of working and sectioned engines. The department also has chassis and transmission lab equipped with front and rear wheel assemblies of Tata heavy vehicles and Ashok Leyland heavy vehicles to explore the knowledge in transmission system. New technology laboratory like Autotronics, Auto Electrical System, Fuel & Lubricants etc are established by this department. The automobile service station also provides servicing & repairing of vehicles for internal revenue generation.

Department of Science And Humanities

The department has well equipped Physics Lab, Chemistry Lab and Communication Skill Lab to cater to the needs of the students of 1st & 2nd semesters of all the disciplines being offered at the institute. They help in creating the strong mathematical base for young engineers.

Library

Library is the most important section of every educational institute. Our Institutional library is fully computerized and equipped with the large and good collection of books and also gives the facility of the book bank. Institutional library is having books related to all the courses offered by the institute. Apart from the books our library has magazines, journals and other current study materials like Video Cassettes, CD-ROMs are also available for the readers. In addition to these, the students are also entitled to get other books from the book bank. Relationship with the library and the Institution is a continuing affair of the students. The library facility is available to students all year round.

Training & Placement

The Training & Placement Cell is committed to provide all possible assistance to the students to secure employment in national and multi-national companies and other reputed organizations and industries.

The Training & Placement Cell extends its services round the year and facilitates to establish contacts between companies and students. This Cell helps the students to improve skills in related fields (soft skills, resume preparation, practice for interviews, etc.) and career guidance. Frequently this cell conducts number of mock tests to improve the performance in written examinations. The aim is to ensure that students have the information and skills necessary for an effective job search. Apart from handling the needs of the students, the office caters to the needs of the companies ranging from logistics to interview halls. The infrastructure available is suited to make the placement process a comfortable one. Considerable number of students got placements during the last three years in reputed organizations like Reliance industries, Apollo Tyres, L&T, Essar Steel, Ambuja Cement, ACC Cement, TATA Motors, Batliboy, ABC bearings HI-Tech Engg, etc.
